Writing (10 points)

200-250 words

Having observed the behavioral patterns of my contemporary mates, I can't help but raise the following question: where have our morals gone? Have they been sucked into oblivion, or are they simply virtues of a long lost legacy?

In order to retrieve a healthy bundle of the forgotten moral principles, let us turn to a Soviet classic: Tatyana Alexandrovna's "Little Brownie", a rather captivating piece of writing about a young brownie and his adventures with a girl named Natasha, during which he makes friends, gets kidnapped and, eventually, returns home safe and sound. The heart-warming descriptions, depicting the protagonist as a tiny naive being who brings serenity and happiness anywhere he goes are bound to entice anybody. Many familiar heroes can be found within the story, novel itself, such as Baba Yaga, forming an inseparable bond with many other Slavic stories, while also remaining in its own league.

The general appeal of "Brownie" boils down to his outgoing, eternally joyous character, and the seemingly comical situations he gets into. This unveils a series of pure, wondrous emotions, providing the reader with lasting joy and, most importantly, urging them to commit great acts, just like the little brownie. At the time, this revelation about the story really pulled me in, and, I believe, would be a beneficial topic to dwell upon for the younger generation. Overall, a great read!

Having observed the behavioral patterns of my contemporary mates, I can't help but raise the following question: where have our morals gone? Have they been sucked into oblivion, or are they simply virtues of a long lost legacy?

In order to retrieve a healthy bundle of the forgotten moral principles, let us turn to a Soviet classic: Tatyana Alexandrova's "Little Brownie Kuzya", a rather captivating piece of writing about a young brownie and his adventures with a girl named Natasha, during which he makes friends, gets kidnapped and, eventually, returns home safe and sound. The heart-warming descriptions, depicting the protagonist as a ting naive being anybody. Many familiar heroes can be found within the story, novel itself, such as Baba Yaga, forming an unseperable bond with many other Slavic stories, while also remaining in its own league.

The general ¹⁵⁰ appeal of Kuzya boils down to his outgoing, eternally joyous character, and the seemingly comical situations he gets into. This unveils a series of pure, wondrous emotions, providing the reader with lasting joy and, most importantly, urging them to commit great acts, just like the little brownie. At the time, this revelation about the story really pulled me in and, I believe, ²⁰⁰ would be a beneficial topic to dwell upon for the younger generation. Overall, a great read!
